Education

Abilitazione Scientifica Nazionale Italiana: 28 February 2025
Settore Concorsuale: 01/A3, Fascia: 2, Quadrimestre n. 3.
Domanda n.126884.

Doctor of Philosophy in Mathematics: 25 October 2017
Double degree based on a cotutelle agreement:
University of Jyväskylä, Finland
Advisor: *Enrico Le Donne*
University of Trento, Italy
Advisor: *Francesco Serra Cassano*
Thesis: *Topics in the geometry of non-Riemannian Lie groups*
Grade: *Pass with distinction*

Master degree in mathematics: March 2012
Università degli Studi di Trento, Italia
Supervisor: *Francesco Serra Cassano*
Thesis: *The tangent space in subRiemannian geometry*
Grade: *110/110 cum laude*

Bachelor degree in mathematics: July 2009
Università degli Studi di Trento, Italia
Thesis: *Symplectic geometry*
Supervisor: *Roberto Pignatelli*
Grade: *108/110*

Employments and Fellowships

Employments and Fellowships

Physics Teacher at Liceo Andrea Maffei, Riva del Garda (ITA)
November 2025 – February 2026

Teaching Collaborations (Co.Co.Co.) at the University of Trento (ITA)
September 2025 – August 2026

Senior Researcher (Oberassistent) at the University of Fribourg (CH)
March 2025 – August 2025

Senior Researcher (Senior Forscher) at the University of Fribourg (CH)
May 2024 – February 2025

Postdoctoral Researcher (Tutkijatohtori) at the University of Jyväskylä (FIN)
September 2022 – August 2023
Mentor: Enrico Le Donne

Postdoctoral Researcher (Tutkijatohtori) at the University of Jyväskylä (FIN)
October 2020 – August 2022
Mentor: Katrin Fässler

Postdoctoral Researcher at the University of Padova (ITA)
December 2018 – June 2020
Mentor: Davide Vittone

Postdoctoral Researcher at the University of Birmingham (UK)
December 2017 – November 2018
Mentor: Alessio Martini

Postgraduate Student within the project Marie Curie ITN MAnET (ITA-FIN)
January 2015 – October 2017

Postgraduate Student at the University of Jyväskylä (FIN)
October 2012 – December 2014

Grants and Awards

Grants and Awards

Theoretical Sciences Visiting Program (TSVP) 2022:
TSVP visitor to OIST, *Okinawa Institute of Science and Technology*, in Japan, from 5th of August 2022 to 28th of October 2022.

Seal of Excellence from Marie Skłodowska-Curie actions:
The project proposal 101025614, *MICA: Minimal Submanifolds in Carnot Groups*, Submitted under the Horizon 2020 Marie Skłodowska-Curie actions call H2020-MSCA-IF-2020 of 9 September 2020 by Sebastiano Nicolussi Golo and Jyvaskylan Yliopisto was scored as a high-quality project proposal in a highly competitive evaluation process, with a total score of 92.20%. This proposal is recommended for funding by other sources, since Horizon 2020 resources available for this specific Call were already allocated following a competitive ranking.

Seal of Excellence from Marie Skłodowska-Curie actions:
The project proposal 888619, *MICA: Minimal Submanifolds in Carnot Groups*, Submitted under the Horizon 2020 Marie Skłodowska-Curie actions call H2020-MSCA-IF-2019 of 11 September 2019 by Sebastiano Nicolussi Golo and Universidad de Granada was scored as a high-quality project proposal in a highly competitive evaluation process, with a total score of 87.40%. This proposal is recommended for funding by other sources, since Horizon 2020 resources available for this specific Call were already allocated following a competitive ranking.

INdAM–GNAMPA Project 2019 "Rectifiability in Carnot Groups"
(as Principal Investigator)
March 2019 – February 2020

Research stays

Research stays

- Visiting Student at "Laboratoire J.A. Dieudonné", Nice, France (November–December 2016)
- Visiting Graduate Student at the Department of Mathematics of Tufts University, Medford, USA (January–February 2017)
- Visiting Graduate Student at the Simons Semester "Symmetry and Geometric Structures", Warsaw, Poland (August–October 2017)
- Visiting Research Fellow at the Departamento de Geometría y Topología, Universidad de Granada, Spain (November 2017)
- Junior Leader of the Simons Semester at IMPAN in Warsaw (September–October 2019)

– Theoretical Sciences Visiting Program (TSVP) visitor to OIST, *Okinawa Institute of Science and Technology*, in Japan (August–October 2022)

Teaching Activities

Teaching Activities

– Teaching assistant ("Geometry of surfaces in 3D space"); University of Jyväskylä, Finland (Fall 2012)
– Teaching assistant ("Analysis 1"); University of Padova, Faculty of Engineering (Fall 2019)
– Master thesis supervisor; University of Jyväskylä (2021–2022)
– Teacher of the course "Riemannian Geometry"; University of Jyväskylä, (2021–2022)
– Teacher of the Mini-course "BV functions in Carnot groups"; OIST, Japan (August 2022)
– Teacher of the course "Thematical Seminar"; University of Fribourg, Switzerland (Fall 2024)
– Teacher of the course "Introduction to PDE"; University of Fribourg, Switzerland (Spring 2025)
– Tutor for pre-test in mathematics at Economics Faculty of the University of Trento (Fall 2025)
– Physics Teacher at Liceo Andrea Maffei, Riva del Garda (November 2025 – February 2026)

Activities

Activities

I have more than 25 publications in specialized journals of high and very high quality. A detailed list is presented on my web page.

– Teaching assistant ("Geometry of surfaces in 3D space"): University of Jyväskylä, Finland (Fall 2012)
– Organizer of the "Kindergarten Seminar" for doctoral students at the University of Jyväskylä, Finland (Spring 2014)
– Organizer of the seminar for doctoral students at Institute Henri Poincaré, Paris (October 2014)
– Co-organizer of the conference "Subriemannian Geometry and Beyond", Jyväskylä, Finland (February 2018)
– Co-organizer of the conference "Harmonic Analysis and PDE Day", Birmingham, UK (September 2018)
– Organizer of seminars "GeA (Geometria e Analisi)" at the Department of Mathematics, University of Padova (Fall 2019)
– Teaching assistant ("Analysis 1"): University of Padova, Faculty of Engineering (Fall 2019)
– Co-organizer of the workshop "Geometric Measure Theory in Padova", Padova, Italy (January 2020)
– Representative of postdocs in the department council of the Department of Mathematics at the University of Padova (January–June 2020)
– Master thesis supervisor; University of Jyväskylä (2021–2022)
– Teacher of the course "Riemannian Geometry"; University of Jyväskylä, (2021–2022)
– Teacher of the Mini-course "BV functions in Carnot groups"; OIST, Japan (August 2022)
– Co-organizer in the conference "Sub-Riemannian Geometry and Beyond, III", Pisa (June 2023)
– Teacher of the course "Thematical Seminar"; University of Fribourg, Switzerland (Fall 2024)
– Teacher of the course "Introduction to PDE"; University of Fribourg, Switzerland (Spring 2025)
– Co-organizer in the conference "Sub-Riemannian Geometry and Beyond, IV", Schwarzsee, Switzerland (June 2025)

Talks since 2015

Talks

– Talk: "Regularity of spheres in metric groups", at the Geometric Seminar, University of Jyväskylä, Finland (February 2015)

- Talk: "Regularity of spheres in metric groups", University of Trento, Italy (March 2015)
- Talk: "Regularity of spheres in metric groups", for the Junior seminars at ICMAT, Madrid, Spain (May 2015)
- Talk: "Geometry and analysis in the Heisenberg group: results and further problems", University of Trento, Italy (October 2015)
- Talk: "An insight into Carnot-Carathéodory Geometry", at the Joint PhD Opening 2016 Biomolecular Sciences and Mathematics, Trento, Italy (February 2016)
- Talk: "A stability result for nonminimal surfaces in the Heisenberg group", University of Jyväskylä, Finland (March 2016)
- Talk: "Groups with polynomial growth", University of Jyväskylä, Finland (March 2016)
- Talk: "Self-similar groups and their spheres", Aalto University, Finland (September 2016)
- Talk: "Geometry and analysis on Carnot groups", University of Trento, Italy (September 2016)
- Talk: "A new stable surface in the Heisenberg group", MAnET Metric Analysis Meeting, Université Paris-Sud, France (January 2017)
- Colloquium: "From homogeneous metric spaces to Lie groups", Tufts University, Medford, MI, USA (February 2017)
- Talk: "The PDEs of minimal surfaces in the Heisenberg group", Worcester University, MI, USA (February 2017)
- Talk: "Characterization of self-similar Lie groups", University of Trento, Italy (March 2017)
- Talk: "Characterization of self-similar Lie groups", Graduate seminar, University of Jyväskylä, Finland (March 2017)
- Talk: "Topics in non-Riemannian geometry", Public defence of my Doctoral Thesis, University of Jyväskylä, Finland (September 2017)
- Talk "Homogeneous distances and shape of spheres", IMPAN, Warsaw, Poland (October 2017)
- Talk "Minimal surfaces in the Heisenberg group", IMPAN, Warsaw, Poland (October 2017)
- Talk "Minimal surfaces in the Heisenberg group", University of Granada, Spain (November 2017)
- Talk "Minimal surfaces in the Heisenberg group", University of Birmingham, UK (December 2017)
- "Minimal surfaces in the Heisenberg group", MAnET final meeting, Bologna, Italy (January 2018)
- "Spectral multipliers and wave equation for sub-Laplacians", Analysis Seminar, Birmingham, UK (November 2018)
- "Metric Lie groups and their dilations", Geometry Seminar, Bristol, UK (November 2018)
- "Spectral multipliers and wave equation for sub-Laplacians", Analysis Seminar, Padova, Italy (January 2019)
- "Spectral multipliers and wave equation for sub-Laplacians", Subriemannian Geometry and Beyond II, Jyväskylä, Finland (February 2019)
- "Metric Lie groups and their dilations", Some topics of Geometric Analysis and Geometric Measure Theory, Pisa, Italy (April 2019)
- "Spectral multipliers and wave equation for sub-Laplacians", Analysis Seminar, IMPAN, Warsaw (May 2019)
- "Tangent spaces", IMPAN, Warsaw (October 2019)
- "From metric spaces to Lie groups", IMPAN, Warsaw (October 2019)
- "Minimal surfaces in the Heisenberg group", IMPAN, Warsaw (October 2019)
- "Spectral multipliers and wave equation for sub-Laplacians", Latest in Geometric Analysis; Celebration of Pekka Koskela's 59th birthday, Będlewo, Poland (November 2019)
- "From Peano to Bernstein in one seminar", Geometry Seminar, University of Jyväskylä, Finland (November 2020)
- "Horizontal jet spaces on Carnot groups", 2021 AGENT–Forum, Aalto University, Finland (October 2021)
- "Horizontal jet spaces on Carnot groups", Geometry and Differential Equations Seminar, Impan, Warsaw, Poland (November 2021)

– "Uniform measures", Analysis Seminar, University of Jyväskylä, Finland (April 2022)
– "Uniform measures", Geometry and Differential Equations Seminar, Impan, Warsaw, Poland (June 2022)
– "Sub-Riemannian geometry is everywhere!", TVSP seminar, OIST, Okinawa, Japan (September 2022)
– "Horizontal jet spaces on Carnot groups", Geometry Seminar, University of Fribourg, Switzerland (December 2022)
– "Embeddings of Nilpotent groups into L1", Geometry and analysis of groups and manifolds, Centro De Giorgi, Pisa, Italy (June 2023)

A Diary

Diary

Here I have tried to list all events in my career since 2012.

• 2012 •

– Conference "Sub-Riemannian geometry and PDEs", Levico Terme, Italy (July 2012)
– Postgraduate Student at the University of Jyväskylä (October 2012 – December 2014) (continued to 2017: see what happens in 2015)
– Teaching assistant for "Geometry of surfaces in 3D space", University of Jyväskylä, Finland (Fall 2012)

• 2013 •

– School "Interactions Between Analysis and Geometry Tutorials", IPAM, Los Angeles, U.S.A. (March 2013)
– Conference "Analysis on metric spaces", IPAM, Los Angeles, U.S. (March)
– School "ICTP-SISSA-Moscow School on Geometry and Dynamics", Trieste, Italy (June 2013)
– School "Norwegian summer school on analysis and geometry", Bergen, Norway (June 2013)
– Conference "XXIInd Rolf Nevanlinna Colloquium", Helsinki, Finland (August 2013)
– Conference "A quasiconformal life: Celebration of the legacy and work of F.W.Gehring", Helsinki, Finland (August 2013)

• 2014 •

– Organizer of the "Kindergarten Seminar" for doctoral students at the University of Jyväskylä, Finland (Spring 2014)
– School "Eighth School on Analysis and Geometry in Metric Spaces", Levico Terme, Italy (June 2014)
– School "Sub-Riemannian manifolds: from geodesics to hypoelliptic diffusion", CIRM in Marseille, France (September 2014)
– Trimester "Geometry, Analysis and Dynamics on Sub-Riemannian Manifolds", at IHP, Paris, France (September–December 2014)
– Organizer of the seminar for doctoral students at Institute Henri Poincaré, Paris (October 2014)

• 2015 •

– Postgraduate Student within the project Marie Curie ITN MAnET (Trento ITA– Jyväskylä FIN) (January 2015 – October 2017)
– Talk: "Regularity of spheres in metric groups", at the Geometric Seminar, University of Jyväskylä, Finland (February 2015)
– Talk: "Regularity of spheres in metric groups", University of Trento, Italy (March 2015)
– School "Geometric Analysis in the Heisenberg group", Bologna, Italy (March 2015)
– Trimester "Research Term on Analysis and Geometry in Metric Spaces", at ICMAT, Madrid, Spain (May 2015)
– Talk: "Regularity of spheres in metric groups", for the Junior seminars at ICMAT, Madrid, Spain (May 2015)
– School "Ninth School on Analysis and Geometry in Metric Spaces", Levico Terme, Italy (July 2015)
– Talk: "Geometry and analysis in the Heisenberg group: results and further problems", University of Trento, Italy (October 2015)

• 2016 •

– Conference "XXVI Convegno Nazionale di Calcolo delle Variazioni", Levico Terme, Italy (January 2016)
– Talk: "An insight into Carnot-Carathéodory Geometry", at the Joint PhD Opening 2016 Biomolecular Sciences and Mathematics, Trento, Italy (February 2016)
– Talk: "A stability result for nonminimal surfaces in the Heisenberg group", University of Jyväskylä, Finland (March 2016)
– Talk: "Groups with polynomial growth", University of Jyväskylä, Finland (March 2016)
– School "The 26th Jyväskylä Summer School", Jyväskylä, Finland (August 2016)
– Talk: "Self-similar groups and their spheres", Aalto University, Finland (September 2016)
– Conference "A Mathematical Tribute to Ennio De Giorgi", Pisa, Italy (September 2016)
– Talk: "Geometry and analysis on Carnot groups", University of Trento, Italy (September 2016)
– Conference "Around Analysis, Domains and Mappings – Conference on the occasion of the 75th birthday of Olli Martio", Jyväskylä, Finland (December 2016)

• 2017 •

– Visiting Student at "Laboratoire J.A. Dieudonné", Nice, France (November–December 2016)
– Talk: "A new stable surface in the Heisenberg group", MAnET Metric Analysis Meeting, Université Paris-Sud, France (January 2017)

- Visiting Graduate Student at the Department of Mathematics of Tufts University, Medford, USA (January–February 2017)
- Colloquium: "From homogeneous metric spaces to Lie groups", Tufts University, Medford, MI, USA (February 2017)
- Talk: "The PDEs of minimal surfaces in the Heisenberg group", Worcester University, MI, USA (February 2017)
- Talk: "Characterization of self-similar Lie groups", University of Trento, Italy (March 2017)
- Talk: "Characterization of self-similar Lie groups", Graduate seminar, University of Jyväskylä, Finland (March 2017)
- Conference "XXXVII Convegno nazionale di Analisi Armonica", Bressanone-Brixen, Italy (May 2017)
- Conference "23rd Rolf Nevanlinna Colloquium", Zurich, Switzerland (June 2017)
- School "New trends on Analysis and Geometry in Metric Spaces", Levico, Italy (June 2017)
- School "Neurogeometry", Cortona, Italy (July 2017)
- School "The 27th Jyväskylä Summer School", Jyväskylä, Finland (August 2017)
- Conference "MAnET-miniworkshop", Jyväskylä, Finland (August 2017)
- Visiting Graduate Student at the Simons Semester "Symmetry and Geometric Structures", Warsaw, Poland (August–October 2017)
- Minicourses of the Simons Semester "Symmetry and Geometric Structures", Warsaw, Poland (August 2017)
- Talk: "Topics in non-Riemannian geometry", Public defence of my Doctoral Thesis, University of Jyväskylä, Finland (September 2017)
- Doctor of Philosophy in Mathematics: 25 October 2017 Double degree based on a cotutelle agreement between the University of Jyväskylä, Finland (Advisor: *Enrico Le Donne*) and the University of Trento, Italy (Advisor: *Francesco Serra Cassano*). Thesis: *Topics in the geometry of non-Riemannian Lie groups*; Grade: *Pass with distinction*
- Talk "Homogeneous distances and shape of spheres", IMPAN, Warsaw, Poland (October 2017)
- Talk "Minimal surfaces in the Heisenberg group", IMPAN, Warsaw, Poland (October 2017)
- Visiting Research Fellow at the Departamento de Geometría y Topología, Universidad de Granada, Spain (November 2017)
- Talk "Minimal surfaces in the Heisenberg group", University of Granada, Spain (November 2017)
- Postdoctoral Researcher at the University of Birmingham (UK); Mentor: Alessio Martini (December 2017 – November 2018)
- Talk "Minimal surfaces in the Heisenberg group", University of Birmingham, UK (December 2017)

• 2018 •

- "Minimal surfaces in the Heisenberg group", MAnET final meeting, Bologna, Italy (January 2018)
- Conference "Subriemannian Geometry and Beyond", Jyväskylä, Finland (February 2018)
- Co-organizer of the conference "Subriemannian Geometry and Beyond", Jyväskylä, Finland (February 2018)
- Teaching of the mini-courses "sub-Riemannian geometry from a Hamiltonian viewpoint" and "Hörmander's operators", in the context of the conference "Subriemannian Geometry and Beyond", Jyväskylä, Finland (February 2018)
- Conference "Young Mathematicians Colloquium", Birmingham, UK (April 2018)
- Conference "Harmonic Analysis and PDEs Workshop", Birmingham, UK (April 2018)
- Conference "Geometric Aspects of Harmonic Analysis – a conference on the occasion of Fulvio Ricci's 70th birthday", Cortona, Italy (June 2018)
- Conference "Harmonic Analysis and PDE Day", Birmingham, UK (September 2018)
- Co-organizer of the conference "Harmonic Analysis and PDE Day", Birmingham, UK (September 2018)
- "Spectral multipliers and wave equation for sub-Laplacians", Analysis Seminar, Birmingham, UK (November 2018)

– "Metric Lie groups and their dilations", Geometry Seminar, Bristol, UK (November 2018)
– Postdoctoral Researcher at the University of Padova (ITA); Mentor: Davide Vittone (December 2018 – June 2020)

• 2019 •

– "Spectral multipliers and wave equation for sub-Laplacians", Analysis Seminar, Padova, Italy (January 2019)
– "Spectral multipliers and wave equation for sub-Laplacians", Subriemannian Geometry and Beyond II, Jyväskylä, Finland (February 2019)
– Mini-courses and conference "Spectral multipliers and wave equation for sub-Laplacians", Subriemannian Geometry and Beyond II, Jyväskylä, Finland (February 2019)
– Principal investigator (coordinatore) of the GNAMPA–INdAM project "Rectifiability in Carnot Groups" (March 2019 – February 2020)
– Conference "Some topics of Geometric Analysis and Geometric Measure Theory", Pisa, Italy (April 2019)
– "Metric Lie groups and their dilations", Some topics of Geometric Analysis and Geometric Measure Theory, Pisa, Italy (April 2019)
– "11th School on Analysis and Geometry in Metric Spaces", Levico Terme, Italy (June 2019)
– "Spectral multipliers and wave equation for sub-Laplacians", Analysis Seminar, IMPAN, Warsaw (May 2019)
– Seal of Excellence from Marie Skłodowska-Curie actions. "The project proposal 888619, *MICA: Minimal Submanifolds in Carnot Groups*, Submitted under the Horizon 2020 Marie Skłodowska-Curie actions call H2020-MSCA-IF-2019 of 11 September 2019 by Sebastiano Nicolussi Golo and Universidad de Granada was scored as a high-quality project proposal in a highly competitive evaluation process, with a total score of 87.40%. This proposal is recommended for funding by other sources, since Horizon 2020 resources available for this specific Call were already allocated following a competitive ranking."

• 2020 •

– Co-organizer of the workshop "Geometric Measure Theory in Padova", Padova, Italy (January 2020)
– Conference "Dispersive and subelliptic PDEs", Pisa, Italy (February 2020)
– Representative of postdocs in the department council of the Department of Mathematics at the University of Padova (January–June 2020)
– Covid Pandemic (February–??)
– Stay at Zen monastery Fudenji for Summer Ango (June–August 2023)
– Seal of Excellence from Marie Skłodowska-Curie actions. "The project proposal 101025614, *MICA: Minimal Submanifolds in Carnot Groups*, Submitted under the Horizon 2020 Marie Skłodowska-Curie actions call H2020-MSCA-IF-2020 of 9 September 2020 by Sebastiano Nicolussi Golo and Jyvaskylan Yliopisto was scored as a high-quality project proposal in a highly competitive evaluation process, with a total score of 92.20%. This proposal is recommended for funding by other sources, since Horizon 2020 resources available for this specific Call were already allocated following a competitive ranking."
– Postdoctoral Researcher (Tutkijatohtori) at the University of Jyväskylä; Mentor: Katrin Fässler (October 2020 – August 2022)

– "From Peano to Bernstein in one seminar", Geometry Seminar, University of Jyväskylä, Finland (November 2020)

• 2021 •

– Conference "2021 AGENT–Forum", Aalto University, Finland (October 2021)
– "Horizontal jet spaces on Carnot groups", 2021 AGENT–Forum, Aalto University, Finland (October 2021)
– "Horizontal jet spaces on Carnot groups", Geometry and Differential Equations Seminar, Impan, Warsaw, Poland (November 2021)

• 2022 •

– Teacher of the course "Riemannian Geometry"; University of Jyväskylä, (Spring 2022)
– Master thesis supervisor for Sofia Pesonen, University of Jyväskylä (2021–2022)
– Master thesis co-supervisor for Valto A. Purho, University of Jyväskylä (2022)
– "Uniform measures", Analysis Seminar, University of Jyväskylä, Finland (April 2022)
– "Uniform measures", Geometry and Differential Equations Seminar, Impan, Warsaw, Poland (June 2022)
– Conference "12th School on Analysis and Geometry in Metric Spaces", Levico (TN), Italy (June 2022)
– Conference "Geometric Analysis in Metric Measure Spaces", Levico (TN), Italy (June 2022)
– Postdoctoral Researcher (Tutkijatohtori) at the University of Jyväskylä (FIN); Mentor: Enrico Le Donne (September 2022 – August 2023)
– Theoretical Sciences Visiting Program (TSVP) 2022 for a three-months visit to OIST (August – October 2022)
– Teacher of the Mini-course "BV functions in Carnot groups"; OIST, Japan (August 2022)
– "Sub-Riemannian geometry is everywhere!", TVSP seminar, OIST, Okinawa, Japan (September 2022)
– Research stay at the University of Fribourg (December 2022–January 2023)
– "Horizontal jet spaces on Carnot groups", Geometry Seminar, University of Fribourg, Switzerland (December 2022)

• 2023 •

– Teaching assistant for the course "sub-Riemannian geometry on Lie groups", University of Jyväskylä (Spring 2023)
– Conference "Sub-Riemannian Geometry and Beyond, III", Pisa, Italy (organizer) (June 2023)
– Co-organizer in the conference "Sub-Riemannian Geometry and Beyond, III", Pisa (June 2023)
– Conference "Geometry and analysis of groups and manifolds", Pisa, Italy (June 2023)
– "Embeddings of Nilpotent groups into L1", Geometry and analysis of groups and manifolds, Centro De Giorgi, Pisa, Italy (June 2023)
– Stay at Zen monastery Fudenji (September–December 2023)

• 2024 •

– Senior Researcher (Senior Forscher) at the University of Fribourg (CH) (May 2024 – February 2025)
– Conference "13th School on Analysis and Geometry in Metric Spaces", Trento, Italy (June 2024)
– Conference "Metric Geometry and Geometric Measure Theory", Fribourg, Switzerland (August 2024)
– Teacher of the course "Thematical Seminar"; University of Fribourg, Switzerland (Fall 2024)

• 2025 •

– Abilitazione Scientifica Nazionale Italiana: 28 February 2025. (Settore Concorsuale: 01/A3, Fascia: 2, Quadrimestre n. 3. Domanda n.126884.)
– Senior Researcher (Oberassistent) at the University of Fribourg (CH) (March 2025 – August 2025)
– Teacher of the course "Introduction to PDE"; University of Fribourg, Switzerland (Spring 2025)
– Co-organizer in the conference "Sub-Riemannian Geometry and Beyond, IV", Schwarzsee, Switzerland (June 2025)

- Physics Teacher at Liceo Andrea Maffei, Riva del Garda (ITA), part-time (10/18) (November 2025 – February 2026)
- Teaching Collaborations (Co.Co.Co.) at the University of Trento (ITA) (September 2025 – August 2026):
  - Exams' corrections for Geometry course at Engineering Faculty (20 h)
  - Construction of didactical material with Geogebra for Analysis for Engineering's courses (25 h)
  - Exams' corrections for Analysis course at Engineering Faculty (36 h)
  - Exams' corrections for Analysis course at Mathematics Faculty (35 h)
  - Tutor for pre-test in mathematics at Economics Faculty (20 h)
